WIRE WAYS AND WIRING

SUMMATIVE ASSESMENTS

EASTC
 TECHNOCENTRIC

Module #	671101000-KM-05:
NQF Level	level 4,
Notional hours	110
Credit(s)	Cr 11
Occupation or Specialisation	671101000: Occupational Certificate: Electrician
Associated Occupation	671101: Electrician

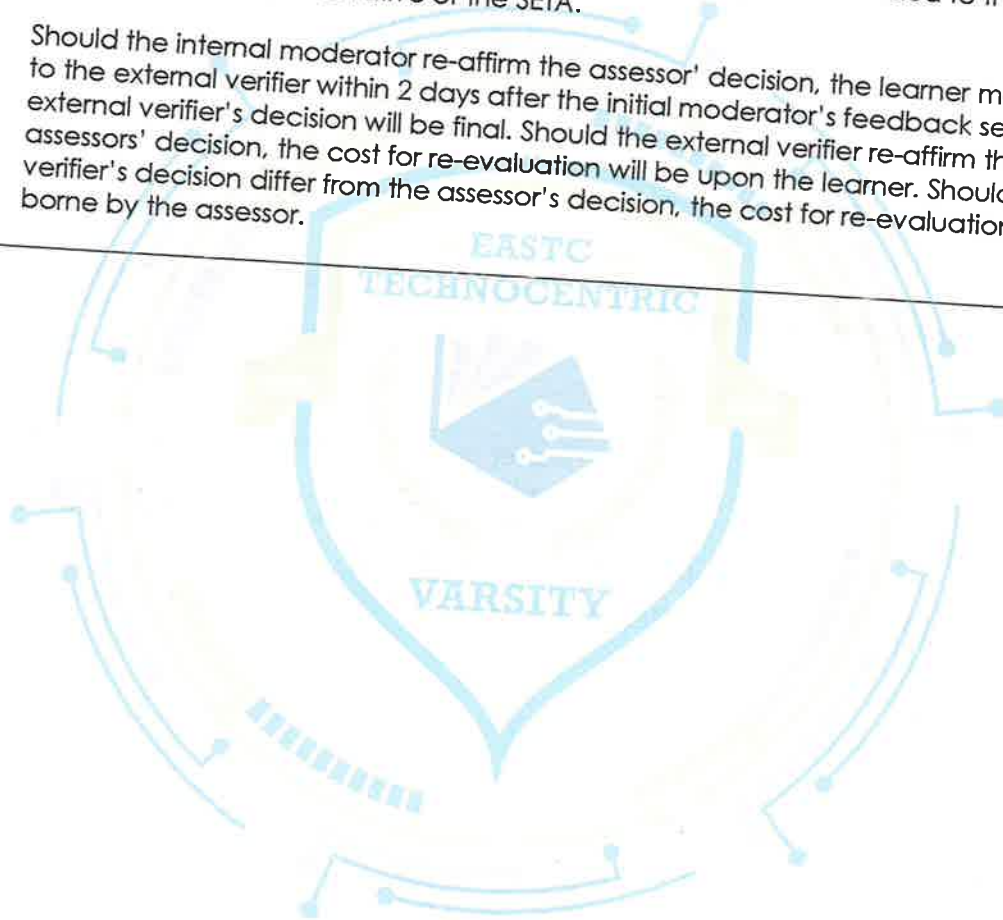

Details	Please Complete this Section
Name	Lerato
Surname	Ditshego
Cell NUMBER	060 403 1759
E-mail	Lerato.ditshego@gmail.com

Training	Classroom training registers	Training Provider Date:	
Self assessment	Assessment contract signed & dated	Learner file Date:	
Assessment contract	Assessment contract signed & dated	Learner file Date:	
Initial meeting	Assessor briefing checklist	Learner file Date:	
	Assessment contract & assessment plan	Learner file Date:	
Formative Assessment	Assessment instruments	Learner file Date:	
Summative Assessment	Assessment instruments	Learner file Date:	
Other Evidence	Research portfolio (if applicable)	Learner file Date:	
Feedback	Feedback Report	Learner file Date:	
Moderation	Moderators report	Learner file Date:	
Judgement	Assessor Summary Report / Moderator report	Learner file Date:	
1 st Reassessment	Assessors summary report / instruments	Learner file Date:	
2 nd Reassessment	Assessors summary report / instruments	Learner file Date:	

Special arrangements for assessment

Place	Basic
Language	English
Resources	
Barriers	N/A

- If not all evidence available was taken into account during the assessment
 - The assessor was not a subject matter expert or did not have a subject matter expert during the assessment process
 - The assessor did not assess according to the performance criteria and range statement stipulated in the unit standard
 - Not all the range items were available for assessment
2. A learner bringing an appeal against a decision of the assessment will lodge such an appeal with the assessor and the internal moderator within 2 days of the assessment feedback session.
 3. A learner bringing an appeal should complete the "Learner's Notice of Assessment Appeal" form before the Appeal Hearing. The form should be handed to the internal moderator or a representative of the SETA.
 4. Should the internal moderator re-affirm the assessor's decision, the learner may appeal to the external verifier within 2 days after the initial moderator's feedback session. The external verifier's decision will be final. Should the external verifier re-affirm the assessors' decision, the cost for re-evaluation will be upon the learner. Should the verifier's decision differ from the assessor's decision, the cost for re-evaluation will be borne by the assessor.

ASSESSMENT APPEAL APPLICATION FORM

LEARNER'S NOTICE OF ASSESSMENT APPEAL

TO: The Internal Moderator

Reasons for Appeal

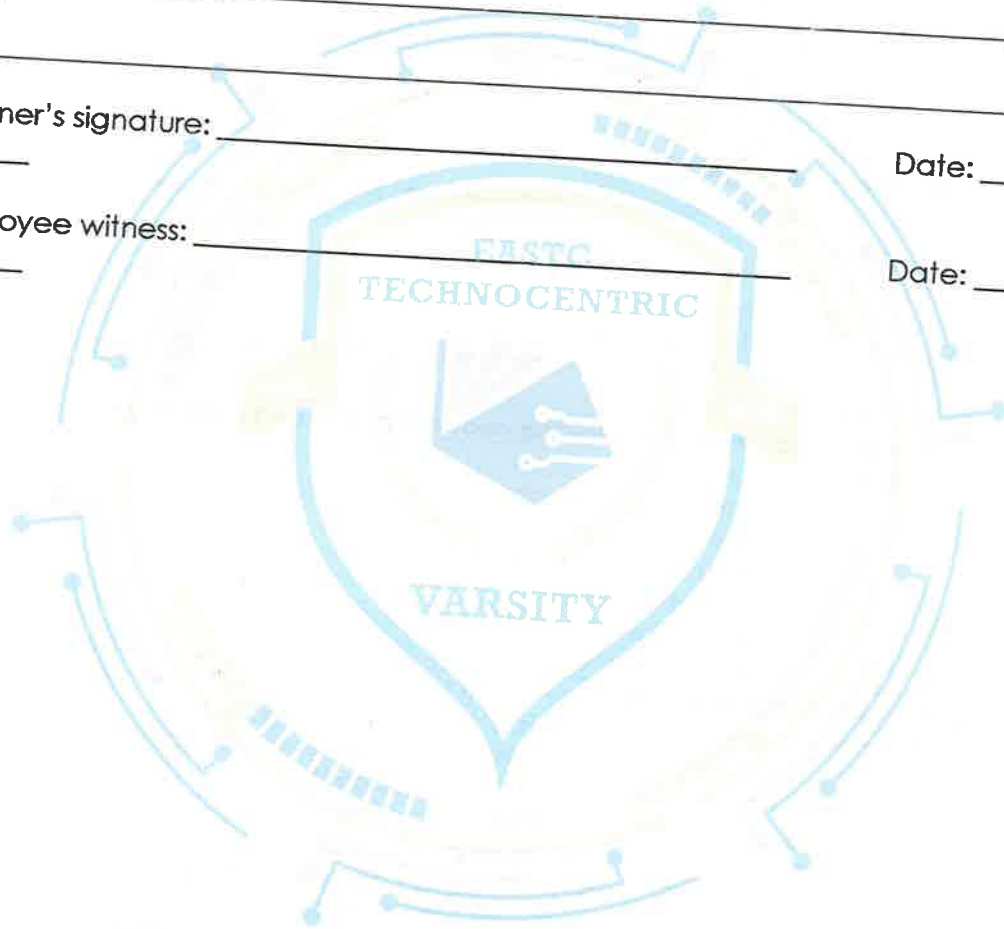

No	Please give detailed reasons for the choice(s) above
1	
2	
3	
4	
5	

Learner's signature: _____

Date: _____

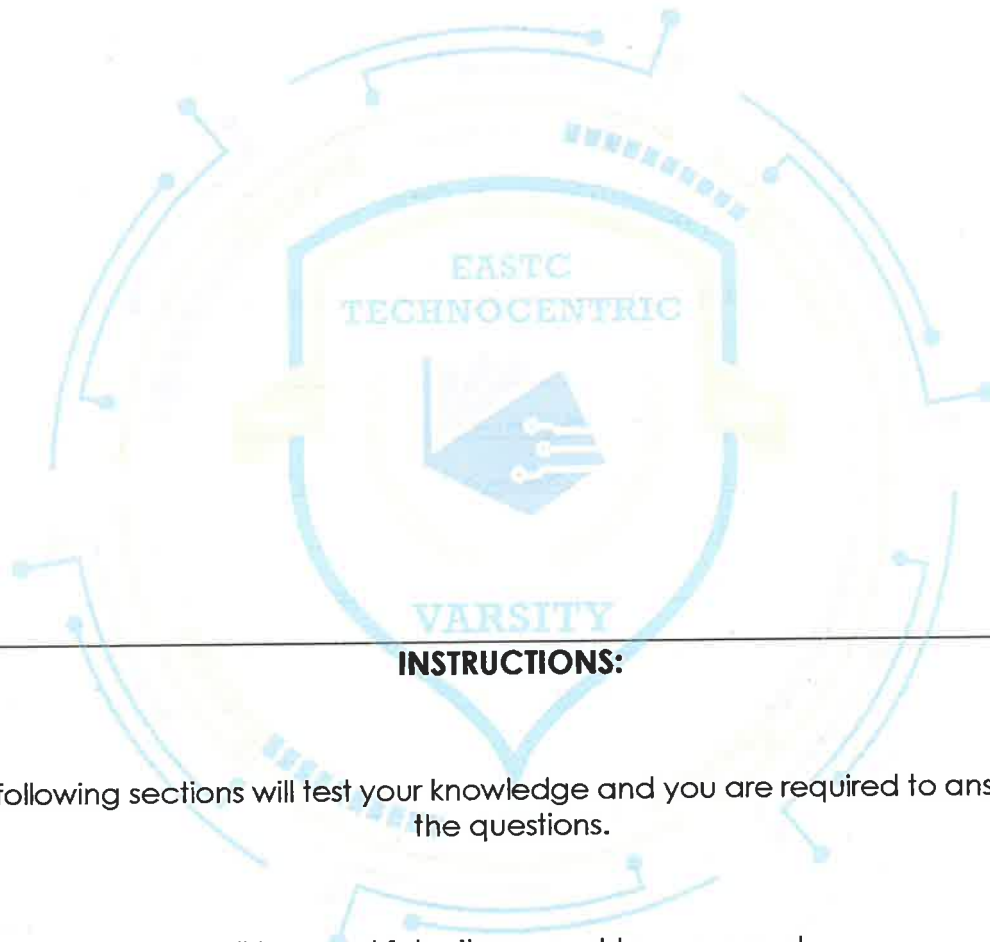

Employee witness: _____

Date: _____

Learner declaration of acceptance of assessment instruments and relevant documentation: Date:

Learners Name: <i>herato</i>	Signature <i>herato</i>
Assessors Name: <i>RUTH NYAKALA</i>	Signature: <i>[Signature]</i>

INSTRUCTIONS:

The following sections will test your knowledge and you are required to answer all the questions.

All true and false items must be answered.

Once you have finished you may obtain feedback from your assessor on the accuracy of your answer.

3- Accessibility and maintenance - it should allow easy inspection, installation and future maintenance of cables

4- cost and type of installation - the choice depends on installation requirements and the cost of material and installation

5 Pull through wireways

8- These are fully enclosed through which wires must be strung or pulled through from one end to another

6 Metallic vs non-metallic PVC

- they are preferred in industrial setting for mechanical protection and grounding capability and also in corrosive environment or where electrical insulation of the enclosed is self

7 of machine / too related wireways

these are wireways with rating with gasket to keep out water

Task	Questions Description	Marks
3	a) Describe the principles of operation of various control systems	5
	b) Describe the principles of operation of single and three phase circuit breakers and core balance earth leakage relays (wound primaries and straight primaries with tripping relay)	5

A - 1 A sensor that measures the output of system

2 A controller that compares the measured output to a desired setpoint

3 An actuator that adjusts the system input to minimize the difference

- 2 primary types

1 open-loop control - the control loop action is independent of the system

2 closed-loop control system - also known as a feedback signal to desired setback

B - single phase operations relies on the principle of electromagnetism and arc quenching

- three phase circuit breaker - the mechanism for detecting over current and quenching the arcs are scaled up to handle higher voltage

- core balancing earth leakage relay - they operate on the principle of sum of the current flowing in the phase conductors

* two types of primary arrange

- Wound primaries its preferred for detecting smaller leakage current

- Straight primaries this is a simple arrangement but may be less sensitive than wound primaries.

flow safely into the ground protecting people and equipment from electric shock and ensuring all circuits share the same reference potential

1 Underground cables

- earthing provided by connecting the metallic sheath or armour of cable to an earth electrode
- this ensures that any fault current from insulation failure is safely carried to ground

2 Overhead lines

- earthing is provided by connecting metallic pole supports and lightning protection conductors to the earth

- this protects people and equipment from lightning strike or accidental contact with live conductors

Over head lines

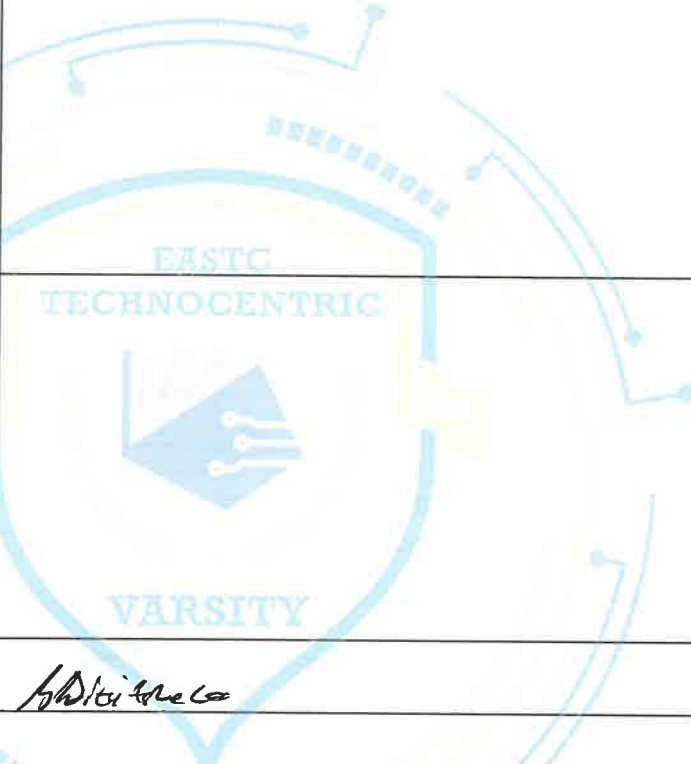

- ensure wire above conductors
- Towers earthed or connected to earth wire

- protect from lightning
- prevents faults

Assessor's Report

Candidate's Name	<i>Leato</i>	ID No.	<i>880916 0416 083</i>

ASSESSMENT REVIEW

NAME of LEARNER <i>Leveto</i>		NAME of ASSESSOR	
VENUE		DATE of REVIEW	
Review Dimension	ASSESSOR	LEARNER/ CANDIDATE	ACTION
The principles/criteria for good assessment were achieved?	☐ Agree ☐ Disagree	☐ Agree ☐ Disagree	
The assessment related to the registered unit standard?	☐ Agree ☐ Disagree	☐ Agree ☐ Disagree	
The assessment was practical?	☐ Agree ☐ Disagree	☐ Agree ☐ Disagree	
It was time efficient and cost-effective and did not interfere with my normal responsibilities?	☐ Agree ☐ Disagree	☐ Agree ☐ Disagree	
The assessment instruments were fair, clear and understandable	☐ Agree ☐ Disagree	☐ Agree ☐ Disagree	
The assessment judgements was made against set requirements	☐ Agree ☐ Disagree	☐ Agree ☐ Disagree	
The venue and equipment was functional?	☐ Agree ☐ Disagree	☐ Agree ☐ Disagree	
Special needs were identified and the assessment plan was adjusted	☐ Agree ☐ Disagree	☐ Agree ☐ Disagree	
Feedback was constructive against the evidence required	☐ Agree ☐ Disagree	☐ Agree ☐ Disagree	
An opportunity to appeal was given	☐ Agree ☐ Disagree	☐ Agree ☐ Disagree	
The evidence was recorded	☐ Agree ☐ Disagree	☐ Agree ☐ Disagree	
LEARNER'S DECLARATION OF UNDERSTANDING			
I am aware of the moderation process and understand that the moderator could declare the assessment decision invalid
